DETAILED ACTION

Allowable Subject Matter

1. Claims 2 – 5, 7 – 9, 26 – 29, 31 – 33, 35, 36, and 38 - 45 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

The closest prior arts of record, (USPN 5,799,310) discloses directory path on an external server but fail to anticipate or render obvious the recited feature "creating a unique, dedicated directory to which only files containing the data of a designated field of certain instances of the user defined type are stored, as recited in claims 5 and 29; Nor does it teach the concept of organizing the files within directories of the file system based on the logical structure of the database store as recited in claims 40-45"; Andersen discloses calling application program interface to create a database, create a table and alter table but fail to anticipate or render obvious the recited feature "receive a call from an application, via an application programming interface to a file system of the computer system, to open the file in which the data of said at least one field is stored outside the database store, wherein the call identifies the field of the object by its identity within the database store", as recited in claims 7 and 31.

The dependent claims, being definite, further limiting, and fully enabled by the specification are also allowed.

Art Unit: 2162

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
